4) Wear Anything Pink Day

On Wednesday, **February 25**, schools across Canada will participate in **Wear Anything Pink Day**. Staff and students across DSBN are encouraged to wear pink as a visible sign of our shared commitment to standing up against bullying and promoting belonging. This year's theme is **"Belonging Begins with Kindness."**

While wearing pink is a simple and visible act, the deeper impact comes from the everyday ways schools foster caring, inclusive cultures where students and staff feel safe, valued, and respected. These days offer an opportunity to highlight, reinforce, or build on the kindness and belonging focused practices already happening in your school community. On this day, students have the option to wear either pink or their uniform.

Have a great evening!

S. Orr, Principal, Eden High School
