Dear Parents and Caregivers,

The District School Board of Niagara, in partnership with the Niagara Regional Police Service (NRPS), is pleased to invite you to a Social Media Awareness and Online Safety seminar tailored for caregivers of secondary students in St. Catharines on November 26th, 2025.

This engaging session, led by NRPS officers, will deliver practical strategies to help families navigate the complex world of social media, understand online risks, and foster open, informed conversations at home. Attendees will leave with actionable tips to keep their families safe online and encourage healthy digital habits.

A complimentary dinner will be available for attendees beginning at 5:00 p.m., followed by the presentation at 6:00 p.m. Please note that this session is recommended for caregivers and students aged 14 and up.

Free on-site daycare will be provided for younger children, and a variety of local community agencies will be on hand with information tables and resources to support families.
